Attendance:

Minutes:

1. A virtual meeting was hosted by the Italian participants who are organising the fourth mobility that was supposed to be held in Italy.
2. Due to Covid-19 this mobility had to go virtual.
3. During this virtual meeting held for all participants who will be involved in the upcoming mobility, Italy prepared a presentation on how the virtual mobility will take place.
4. The participants also had the opportunity to briefly introduce themselves.
5. All lesson plans and resources have been uploaded on the eTwinning portal
<https://twinspace.etwinning.net/77828/home>
6. Italy and Malta are currently on partial lock down and students are not attending school. Slovenia and Portugal are still working from schools. For this reason, Italy will be using recorded sessions for the virtual mobility.
7. All participants must submit their evaluation at the end of the virtual mobility from the following link:

8. On the day of the actual mobility countries can join in the session using the same zoom link that will be sent by Slovenia since they have unlimited use of time. Where possible countries will do the activities at the same time. If not, the partner countries can do the activities at a later date and then share evidence of this good practice on the eTwinning portal, on the Facebook page
(<https://www.facebook.com/groups/1524487434351363>) or any other portal related to this project.
