2ND DAY  
VIRTUAL MOBILITY  
FEBRUARY 2021  
WE HAVE OBSERVED  
THE STUDENTS WORKING  
WITH BEE BOT.**

**ON THIS VIRTUAL MOBILITY DAY THE STUDENTS EXPERIENCED THE KAHOOT GAME AFTER WATCHING A VIDEO ABOUT SLOVENIA. THE EXPERIENCE ALLOWED THE KIDS TO GET TO KNOW EACH OTHER AND HAVE FUN TOGETHER.**

**We have reached the third day of virtual mobility organized by Slovenia. Even if the pandemic did not allow us to be physically together, through our colleagues we visited their country and met their students. From a working point of view it was a wonderful experience full of educational practices. All participants enjoyed this learning experience where new and shared ideas were explored.**

**Through these opportunities all of us teachers have had the opportunity to rethink our teaching and learning, while improving the use of technology.**

**Participants gained:**

**-New skills**

**-Expansion of their knowledge on coding and robotics as  
teaching tools**

**-Access to resources being used in other schools**

**-Exposure to best practices from other teachers**

**...FOR THE  
WONDERFUL  
EXPERIENCE.**
